

Enterprise Project Manager **IDS, a Constellation Software Company**

IDS, Integrated Dealer Systems, is the leading provider of complete software solutions for RV, marine, and trailer dealerships.

The Job

IDS, a Constellation Software company, is looking to onboard an Enterprise Project Manager. In this role you will play a vital role in IDS Project Management and Resource Planning to our enterprise customers.

Responsibilities:

- Develop project plans for successful planning and execution of IDS's enterprise projects.
- Ensure that the target dates for all deliverables are met, and projects are within scope.
- High level of commitment to work with both internal and external stakeholders.
- Detail specific project deliverables.
- Ability to understand and integrate appropriate project management tools, applications, and processes

Experience/Education Required:

- Minimum 5 years' experience managing ERP software/application project management
- Minimum 3 years' experience with agile methodologies
- Bachelor's Degree in Technology
- PMP Certification an asset
- Agile certification (CSM or other equivalent)
- Scrum Master certification an asset
- ERP experience mandatory

Location: remote within USA, but up to 30% travel as required between customer sites and Constellation North American offices.
